## Why Does GYF Charge?

For the past 15 years, GYF has been dedicated to leveling the playing field for youth through academic support and enrichment programs such as soccer. We have proudly helped hundreds of youth achieve their potential, largely relying on grants and charging families little to nothing for our services.

However, we've learned two important lessons over the years:

1) **Increased Family Engagement:** When families make an investment in our programs, they tend to be more involved and committed.

2. **Changing Nonprofit Landscape:** The availability of grants has decreased significantly, we need to adopt to this new reality.

By introducing modest fees, we can maintain and improve our services of community and commitment among the families we serve. Thank you for supporting our mission and empowering a brighter future for our youth!

## PROGRAM COST GUIDE

## Mission

Empower underserved youth and young adults through sports and the arts while engaging them in educational opportunities to become effective leaders and productive citizens.
